

# GENOGRAM

KEY      ○ = FEMALE      □ = MALE

## HOW TO:

1. Place yourself on your genogram first—where you think you ought to be. Try to include 3-4 generations before & after you. Include all persons who have impacted your life.

2. Name each person with first name. If you don't remember name—put something you know about the person.

3. Families can be complicated. Do the best you can. Start again if you need to.

4. This genogram will be an important tool in your wedding planning—but more importantly this is a
